location SPCC - Slick sealed asphalt
date 10/18/2000
timer manual
skidpad radius, R 75 ft
Laps per run 3
1 G (due to gravity) = 32.2 ft/s
PI = 3.141592654
g's = $R^2 \cdot \pi / T^2 / G$

NOTE: Duplicate times on 1st & Second runs indicate that the driver only took one run.
This single time was plugged into both slots to make the averaging formulas work.
